## DIRECTEUR DE LA TRADUCTION

Robert Chevrier, MD, FRCSC

## CONTRIBUTING EDITOR

## RÉDACTEUR INVITÉ

Edsel B. Ing, MD, FRCSC

## INTERNATIONAL ADVISORY BOARD

## CONSEIL CONSULTATIF INTERNATIONAL

Dr. Gerald J. Chader, Bethesda, Md.

Prof. Gilles J. Renard, Paris

## SUBJECTS • SUJETS

## Adrenergic alpha receptor agonists:

Allergic reactions to brimonidine in patients treated for glaucoma, Blondeau P et al, 21-6

## Adverse drug effects: See Drug toxicity

## Age-related changes: See Aging

## Age-related macular degeneration: See Macular degeneration

## Aged:

Tarsal strip combined with modified Quickert-Rathbun sutures for involutional entropion, Quist LH, 238-44

## Aging:

Age-related changes in the human optic nerve, Cavallotti C et al, 389-94

## Alternative medicine:

What are your patients reading? [editorial], MacDonald IM, 141

## Aluminium oxide:

Hydroxyapatite and calcium phosphate coatings on aluminium oxide orbital implants, Jordan DR et al, 7-13

## Angiography:

Indocyanine green angiography in Bietti's crystalline retinopathy, Saatci AO et al, 346-51

## Anterior uveitis: See Uveitis, anterior

## Antibodies, antimitochondrial:

Anterior uveitis and Sjögren's syndrome in a patient with primary biliary cirrhosis, Tekeli O et al, 359-60

## Antimalarials:

Screening for antimalarial toxicity: current concepts [editorial], Easterbrook M, 325-8

## Antimitochondrial antibodies: See Antibodies, antimitochondrial

## Antioxidants:

La photothérapie dynamique de la dégénérescence macu-

- Squamous cell carcinoma of the conjunctiva: clinicopathological features in 287 cases [discussion], Heathcote JG, 19-20

**Conjunctivitis:**

The role of conjunctival biopsy in the diagnosis of Wegener's granulomatosis: a case report, Karakousis PC et al, 179-81

**Conjunctivitis, bacterial:**

Treatment of acute bacterial conjunctivitis: 1% fusidic acid viscous drops vs. 0.3% tobramycin drops, Jackson WB et al, 228-37

Treatment of acute bacterial conjunctivitis: 1% fusidic acid viscous drops vs. 0.3% tobramycin drops [discussion], Poleski S, 237

**Conscious sedation:**

The Misericordia Health Centre cataract comfort study, Bellan L et al, 155-60

**Contrast sensitivity:**

The effect of a hockey visor and sports goggles on visual function, Ing E et al, 161-7

The effect of a hockey visor and sports goggles on visual function [discussion], Pashby T, 167

**Cryptococcaceae:**

*Rhodotorula glutinis* endophthalmitis, Dorey MW et al, 416-8

**Cysticercosis:**

Cysticercosis of superior oblique muscle: surgical excision and reconstruction of superior oblique tendon, Bajaj MS et al, 423-6

**Cysticercus:**

Cysticercosis of superior oblique muscle: surgical excision and reconstruction of superior oblique tendon, Bajaj MS et al, 423-6

**Cytomegalovirus:**

Hypotony after intravenous cidofovir therapy for the treatment of cytomegalovirus retinitis, Wang L et al, 419-22

**Decompression:**

Persistent visual loss following retrobulbar hemorrhage, Patel AD et al, 34-6

**Dermatitis, allergic contact:**

Allergic reactions to brimonidine in patients treated for glaucoma, Blondeau P et al, 21-6

**Diabetic retinopathy:**

Membrane conductance of Müller glial cells in proliferative diabetic retinopathy, Bringmann A et al, 221-7

**Diagnostic imaging:**

Ultrasound biomicroscopy in eyes with anterior chamber flattening after trabeculectomy, Grigera D et al, 27-33

Ultrasound biomicroscopy in eyes with anterior chamber flattening after trabeculectomy [discussion], Pavlin CJ, 32-3

**Diffuse lamellar keratitis:** See Keratitis

**Drug toxicity:**

Quantitative analysis of eyelash lengthening following topical latanoprost therapy, Sugimoto M et al, 342-5

**Edema:**

Melkersson-Rosenthal syndrome presenting with upper lid edema and facial palsy, Chen C et al, 361-3

**Elderly:** See Aged

**Endophthalmitis:**

Do we heed the Endophthalmitis Vitrectomy Study in Canada?, Siddiqui F et al, 395-8

*Rhodotorula glutinis* endophthalmitis, Dorey MW et al, 416-8

*Xanthomonas maltophilia* endophthalmitis following penetrating corneal injury, Kherani F et al, 301-3

**Endophthalmitis Vitrectomy Study:** See Practice guidelines  
See also Endophthalmitis

**Endothelium, corneal:**

The role of epithelial defects in intralaminar inflammation after laser in situ keratomileusis, Mulhern MG et al, 409-15

**Entropion:**

Tarsal strip combined with modified Quickert-Rathbun sutures for involutional entropion, Quist LH, 238-44

**Epidermal cyst:**

Multiple epidermal inclusion cysts of the eyelid: a simple technique for removal, Jordan DR, 39-40

**Epidermoid cyst:** See Epidermal cyst

**Epithelial defect:** See Endothelium, corneal

**Epstein-Barr virus:** See Herpesvirus 4, human

**Eye foreign bodies:**

Facteurs de risque de décollement de rétine après extraction de corps étrangers intraoculaires, Chiquet C et al, 168-76

**Eye hemorrhage:**

Persistent visual loss following retrobulbar hemorrhage, Patel AD et al, 34-6

**Eye injuries:**

Ocular adnexal injuries from industrial blunt hook trauma, Ing E et al, 177-8

The spectrum of postmortem ocular findings in victims of shaken baby syndrome [correspondence], Brownstein S et al, 4

**Eye injuries, penetrating:**

Facteurs de risque de décollement de rétine après extraction de corps étrangers intraoculaires, Chiquet C et al, 168-76
